Overview

I have now been in post for Safer Together Coordinator for North and South Kesteven for the Office of Police and Crime for 9 Months now.

The lifting of the COVID restrictions has meant that I have been able to go out and engage with my local neighbourhood policing teams. As well as Community Groups, Residents and Partners. It has been great to finally meet people face to face and properly introduce myself. Community Safety has been the main focus, making sure that you are given a say in what goes on in your community.

I have taken part in some events this quarter, you may have seen me at RAF Digby Family Day, Sleaford Fire and Rescue Open Day, Mutual Gain Sleaford World Café Event.

I have been involved in meetings such as the Neighbourhood Policing Priority Setting Meetings, North Kesteven Community Awards Judging Panel, Community Development Meetings for North Kesteven.

I have multiple meetings and projects I am working on in the next quarter which I am very excited for! Keep your eye out on the OPCC social media.

RAF Digby Family Day : Trying on Police Hats with the children

Mutual Gain : Sleaford

A World Café event in Sleaford Town Centre had a great turn out. A brilliant event in where the community could come together and have their say about what they think is needed/ needs to change.

The event, which took place at the Carres Grammar School on Saturday 11th September. The event was designed to involve the community in open and honest conversations about where we live and what we want to see change, the issues we face in the area and how as a community we can collectively overcome them.

People of all ages took part in engaging conversations which hosted a variety of subjects : these included a community centre, traffic calming, combatting antisocial behaviour, increasing social responsibility.

The three questions the public were asked were:

What do you feel makes a community safe?

What could make a safer Sleaford?

What can we do as a community to make it better?

Reporting Crime

It is important that when you see crime in your community you are:

1. Reporting the crime
2. Using the correct reporting method

This means that the crime is dealt with in the correct way.

999 is for emergencies

101 is the non emergency line

Online reporting can also be used

If the crime is not an emergency, but if you're not sure whether to use 101 or the online reporting tool, go to Lincolnshire polices website. Using the Reporting and Advice Centre provides answers and advice on some of the most common topics, as well as access to their online crime reporting service.
