

COMMUNITY CHAMPIONS OPEN FOR NOMINATIONS

Nominations are now open for you to champion and celebrate those people that you think that those in your community couldn't be without.

The NK Community Champions Awards look to say "thank you" to those people who enrich our lives through their voluntary contributions operating selflessly, tirelessly, charitably and consistently in carrying out tasks, functions which enrich our communities.

See www.NKawards.org for details to make a nomination.

The deadline for nominations is September 16th, working towards an awards celebration on November 27th.

PREPARING A DESIGN CODE: EVENT FOR PARISH AND TOWN COUNCILS (CENTRAL LINCOLNSHIRE)

The Central Lincolnshire Local Plans team is preparing an authority-wide design code for Central Lincolnshire. This will set out rules for new development to follow, not only on how they look, but also how they relate to the surrounding area and create places where people want to live, work and visit.

The Local Plan Team is inviting Parish and Town councils to an in-person event on preparing a design code for Central Lincolnshire as part of the first round of public engagement and consultations.

There will be FOUR events across central Lincolnshire during September that a Parish Council can sign up to and invitations to the events should have been received.

There is a limited capacity for this event and can only be extended to ONE representative from each council. If you have any questions, please email talkplanning@centre-lincs.org.uk

NEW NARROWBOAT ARRIVES ON THE SLEA

People will soon be able to experience the historic Slea Navigation for themselves on a new NARROWBOAT which itself pays tribute to Sleaford's history.

For many years Sleaford Navigation Trust has held the aspiration to run a boat trip on the river Slea and is delighted that this is now a reality with help from NKDC using UKSPF monies.

The Trust has been able to commission the build of a specially built 30 foot steel narrowboat shell by HD Narrowboats near Foston and on Tuesday 13th August it was lifted and placed on the River Slea.

Anyone interested in volunteering for the fit-out or to help run the boat you can find more information at: www.sleafordnavigation.co.uk
